

We are very happy to let you know that Eligibility Committee of the Charities Aid Foundation of America (CAF) has determined that our Concerned For Working Children is now eligible to receive grants from CAF America. Donors are able to make tax-effective gifts to CAF America with The Concerned For Working Children as the grant recipient. **Please note that CAF America donors receive a tax receipt showing the full amount of the gift as a charitable contribution.**

We are **now listed on CAF America's Charity Database**. At this point in time, we are eligible to receive grants from CAF America until **6<sup>th</sup> of August 2018**. There are provisions for applying for further extension of this eligibility which we will pursue in due course.

Please go to this [link](#) where you will find the CAF America Gift Form. All grant suggestions are to be approved by the CAF America Board of Directors before being awarded to us. CAF America's policy does not permit acceptance of gifts or grants if the grantee provides tangible benefits to donors in return for such gifts or grant payments. Impermissible benefits include but are not limited to meals, gifts, prizes, travel, scholarship or tuition, special event admissions, discounts, etc. Their policy allows for donors to be made members of the recipient organization so long as no such benefits are provided in connection with membership. These restrictions are to protect CAF America's donors from adverse tax consequences.
